

BALCASKIE

Balcaskie is a modern working estate at the heart of the East Neuk of Fife. We are committed to cultivating and caring for the natural environment, nurturing local businesses and supporting our vibrant community.

LIVE & WORK

We have a long-term programme of reinvestment into traditional steadings to reprovide workshop and studio space lost over the years from nearby villages, in addition to residential homes.

BALCASKIE

FARMING &

We farm organically using regenerative principals working with nature to enhance our landscape and biodiversity.

KINNEUCHAR INN

The Kinneuchar Inn is a 17th-century pub and restaurant which champions great food in an intimate setting.

BOWHOUSE

Bowhouse replaces a missing link in the local food chain by connecting small growers and producers with restaurants and shoppers, giving everyone better access to the best ingredients and finished produce that the East Neuk has to offer.

At its heart, Bowhouse is a gathering place for people who really care about food and where it comes from.

Our Market Weekends are a monthly celebration of seasonal food and drink with traders joining us from across Scotland.

Butchery at Bowhouse - Organic, pasture fed, dry aged meat direct from our farm.
